

## We Address Your Concerns

### Money When You Need It

Use one of our blank bank drafts when you sell to a customer with sub-prime credit, and you'll have your money right away - before the approving Lender receives the loan package!

### Protection From Risk

We protect from almost all insurable risks. You'll have fire, theft, collision, confiscation, and skip coverage. This protection covers the contract amount - not just the ACV of the vehicle - so you won't have to worry about getting stuck with a \$9,000 insurance check for a \$13,000 contract. All of this protection is included in our low discount and processing fee. Although you will continue to use your same trusted Lenders, the fact that Interim Funding Corporation pays you immediately eliminates most of your exposure to potential risk. Our program does not in any way interfere with your current Lender-Dealer relationships. The contract is assigned by you directly to the Lender.

### Assistance

We provide assistance and monitoring of your deals to ensure that your money arrives quickly. Or we can help you get started in special financing if you were putting it off because of the risks involved.

With Interim Funding, it's not just the money, it's protection and more!

- Fire, theft, and collision
- Confiscation
- Gap
- Skip coverage
- Help with missing slips
- Department monitoring
